WORK EXPERIENCE

Web Developer / Part-time

Jung Talents

12/2022 - Present

Ho Chi Minh City, Vietnam

Achievements/Tasks

- Led a team of developers in building websites with NodeJS, ReactJS and GraphQL.
- Played a key role in ensuring the design of the website performs efficiently and meets the requirements from clients.
- Launched several e-commerce websites which include product catalog, shopping cart and payment integration. These e-shops have helped customers to extend their sale channels as well as boost the sale volume by 20 to 30%.

FIT3047 - Industry experience studio project

Monash University

08/2022 - 11/2022

Achievements

- Mainly served as front end developer as well as UX/UI designer.
- Utilized the Agile methodology to present weekly progress updates to clients, ensuring transparency and effective client engagement.
- Implemented back-end architecture with phpMyAdmin and SQL.
- Made use of phpMailer to allow users to send emails with templates and attachments.
